## Section 30 (3) Investigations

Section 30 (3) is a class based exemption, this exemption requires me to perform a Public Interest Test and describe harm that could be caused if the constabulary was to either confirm or deny that the requested information is held:

### Harm

The harm in confirming or denying that the requested information is held would be that it could affect / hinder an ongoing police investigation.

Please follow below link to access Durham Constabulary's (The Force's) press statement issued on the 6<sup>th</sup> May 2022 regarding the confirmation of the commencement of an investigation:

<https://www.durham.police.uk/News/News-Articles/2022/May/Durham-Constabulary-Press-Statement.aspx#:~:text=Durham%20Constabulary%20Press%20Statement%20Posted%20on%20Friday%206.gathering%20in%20Durham%20City%20on%20April%2030%202021.>

### Public interest in favour of confirming or denying the requested information is held:

It is acknowledged there is a public interest in this investigation.

Investigations are funded with public money.

The public are entitled to know that Durham Constabulary is conducting investigations in an effective manner.

### Public interest in favour of neither confirming or denying that the requested information is held:

This investigation is currently ongoing, to disclose **any** information (or even confirm if it is or isn't held) could affect and possibly undermine that investigation.

The greater public interest is that police investigations should be allowed to continue unaffected and unhindered by any release of information (or to confirm or deny specific information is held)

### Balancing Test

As this is currently an active / open investigation, the public interest balance has fallen in favour of not confirming or denying that any information is held in relation to your request.

An ongoing investigation must be allowed to continue unhindered.

### **S.31 (3) Law Enforcement**

Section 31 (3) is a prejudice-based exemption, this exemption requires me to perform a Public Interest Test and describe harm that could be caused if the constabulary was to either confirm or deny that the requested information is held:

#### **Harm**

The harm in confirming or denying that the requested information is held would be that it could affect / hinder an ongoing police investigation.

#### **Public interest in favour of confirming or denying the requested information is held:**

It is acknowledged there is a public interest in this investigation.

Investigations are funded with public money.

The public are entitled to know that Durham Constabulary is conducting investigations in an effective manner.

#### **Public interest in favour of neither confirming or denying that the requested information is held:**

This investigation is currently ongoing, to disclose **any** information (or even confirm if it is or isn't held) could affect and possibly undermine that investigation and subsequently reduce Durham Constabulary's Law enforcement capabilities.

To confirm or deny any information is held in relation to your request would in essence by disclosing evidence that may or may not be held in relation to a live investigation, this would undoubtedly affect the law enforcement capabilities of Durham Constabulary.

### **Balancing Test**

As this is currently an active / open investigation, the public interest balance has fallen in favour of not confirming or denying that any information is held in relation to your request.
